ACTION OF UNION PACIFIC BOOSTS THE STOCK MARKET

Baltimore & Ohio Breaks, While That of U. P. Advances; Attempt to Put Up Cheap Stock Fails.

By BROADAN WALL.

By International News Service. NEW YORK, Jan. 5 .- As a further evi dence of the desire of the banking interests to carry out segregation without further government intervention, Union Pa effic's executive committee will recommend to the board of directors tomorrow that the Haltimore & Oblo holdings be distributed to the common stockholders with a cash bonus of I per cent. Teday's stock market boiled under the

announcement. Trading jumped to the half million-share mark and prices respended with many sharp advances.

Early rumors regarding the announce ment were current before the opening, but

traders had become accustomed to disappointment and were inclined to doubt the news. A sharp break in Baltimore & Ohio, that carried the stock down more than three points, and a 2 per cent rise in Union Facine later convinced many of the impending developments before the news became public.

News Hailed With Joy.

Among commission houses the news was halled with particular joy, as anticipating a return of the active speculation predicted in this column. It is argued that with the "rights," as they are called deducted from the present price, Union Pacific will be one of the cheapest investment stocks and should appreciate further before the distribution occurs.

Attempts of New Yorkers to pick up stock before the market opened lifted London prices well above our previous close, and buying orders were well distributed here. The general atmosphere on the floor was the best noted for many months.

the floor was the best noted for many months.

Petroleum stocks were in good demand. California Petroleum touched 25, a rise of three points, and Mexican was strong at 51. Steel was neglected, gaining but fractionally. Amalgamated Copper was heavy. Traders turned to Reading on the theory that the segregation of the properties of this company would logically follow. Woolworth jumped two and one-half points on reports of a heavy Christimas trade. The Can stocks were strong. An early announcement is looked for regarding the government suit, with a settlement out of court expected.

Optimism regarding prices should not include New York Central, nor its subsidiaries; Rock Island issues or many of the minor industrials that need not be expected to share in the present advance.

Bears' Guns Spiked.

Bears' Guns Spiked.

Bears at last find their guns spiked, shorts in Union Pacific must surrender and traders who persist in a pessimistic attitude on Reading are facing unpleas-

Markets, like sick people, do not recov-r suddenly. Periods of uncertainty may be expected, but in the opinion of some if the oldest and shrewdest observers, he stock market has turned for the bet-

strong.

Rumors of extra distributions will no doubt stimulate further speculative activity. Fortunately the distribution to Union Pacific stockholders has not been discounted.

DOWNWARD SWING IS TAKEN BY CORN

Wheat and Oats Also Finish Lower, and Provisions Are Weak.

CHICAGO, Jan. 6.-Cheap offers of hipments from the Danube as well as from Argentina brought about a down ward swing today in corn. The market closed Ic to He under last night. Wheat finished Ic to be not lower, outs down be 70c off.

Prices at which both Danubian and Argentine corn were offered in shiploads, to be delivered in Atlantic ports of the United States, seemed to many speculators here to indicate probable large sales by Argentina to this country, whatever the result might be in regard to the offers from Europe. Bears ignored dispatches from Texas that experience there with the Argentine grain had been unsatisfactory and that Texas buyers were now looking to St. Louis for

buyers were now looking to St. Louis for a supply. Lack of any adequate demand for cash corn here had considerable to do with the rapidity with which the price of futures gave way.

Except that covering by shorts at the outset furnished impetus for a temporary swell, the market throughout suffected from unloading by holders and from speculative selling.

Chances that free imports from Canada would soon he a resilty put the wheat

Chances that free imports from Canada would soon he a reality put the wheat bulls at a disadvantage. Millers and investors appeared to be more and more rejuctant to buy. There was a show of strength early, based in part on higher cables and partly on the smallness of receipts northwest of here, but the market soon wavered, especially after corn began to sag. Values displayed no sign of any power to rally.

Pressure from Canadian receipts here was in the main responsible for oats going to the lowest price of the season. May deliveries. For a while pit trades attempted to cling to the bull side, but linsily were forced to let go.

Grain longs selling out weakened provisions. Declining prices for hogs tended also to draw down the market.

PRIME FEATURES OF THE

Answer Book

With but one copy of a picture it permits you to make ten answers to it.

It costs you 80 cents.

If you were to submit a full set of 770 answers on coupons the extra cost to you would be \$38.50. The Answer Book gives you the same privilege and saves you \$37.75.

If you intend to submit 75 or more answers the Answer Book saves money.

You need sign your name and address but twice

for the whole set of answers. It is small, compact and neat—a most convenient way to submit solutions.

It eliminates the possibility of coupons becoming lost about the house.

It is of good paper. You can write your answers with pencil or ink.

What the Answer Book Is

The Answer Book is a book of 77 pages. It is shaped like a stenographer's notebook, and opens from the bottom like a notebook, and not from the side like a story book. The pages are numbered from 1 to 77 inclusive.

How to Use the Answer Book

On the pages the contestant writes down from one to ten answers.

Bear in mind that the larger number of solutions you submit the better chance you have of striking the 77 correct ones.

WEAK, NERVOUS DISEASED

CURE IS WHAT YOU WANT GLOOMY---

> Ambition. Energe,

Weakness is the result of many diseases and is the cause of more sorrow and suffering than all other ailments combined. I see the victims of this disorder on every hand, their whole appearance proclatming to all the world their trouble and tending to blight their existence. My treatment cures disordered men by overcoming and removing the effects of disorders. It stops all waste and quickly restores the victim to what nature intended—a healthy and vigorous man, with all his functions and power complete.

CURES GUARANTEED

IMPROVED For Blood Disorders,

I use the newest and latest treatment for Blood Poison and Shin Discusses. Professor Ehrlich's (of Germany) "914," the improved 60s, instead of the dul remedy. "914" is absolutely safe and harmiess and more effective than "80s" and can be administered in the office paintensity and with absolutely no ill effects whatever or detention from business. This treatment is far superior to any other employed in the cure of these dreadful discusses. Symptoms begin to disappear in a few hours after the administration of the remedy. Even though 80s has failed or left had results, and if you, have or ever had these discusses in any stage or form, do not fail to call and get this wonderful treatment.

IS TAINTED

More than two-thirds of the peo-More than two-thirds of the people of the world are afflicted with tainted blood, according to medical statistics. Some have acquired it through disease, but most have inherited it. This is an aissiming state of affairs. Did it ever occur to you that you may be among that great majority who have impure blood? YOU MAY TREAT FOREVER with mediciness directed to the relied of your symptoms, but unless your blood is first made pure the medicines will all fail. You have intelligence enough to agree with me in gence enough to agree with me in this. REMEMBER THIS Nothing can be cured unless the blood stream which carries all nutrition to the or-

gans is pure.

I put the blood in perfect condition and nature does the rest.

THE NEW SCIENTIFIC METHOD.

THE NEW SCIENTIFIC METHOD.

I have a Salvarien Equipment from which 250 to 300 cubic continuerers (little less than a quart) is poured directly into the heart; from there if is sent through every artery and veln. I will demonstrate to you how you may be cured if you have an affliction that will not yield to ordinary treatment.

I keep up with the latest scientific methods and apply them in my work; you can get the best for the same trice you will pay for cheapwork Careful attention to study and work has enabled me to occupy for many years the position of leading specialist in men's diseases. A call costs nothing, proves everything. In a word, I cure private disorders of every form, If you desire only relief go to others. If you desire a cure, come to me.
